The drug was called Fever Dream, and it was supposed to be a harmless way to escape from the stresses of life. But for Samanta, it was anything but harmless. As soon as she took the drug, she was transported to a nightmarish world where reality and illusion blurred.

In this nightmarish world, Samanta was hunted by creatures that seemed to come straight out of her worst nightmares. She was lost and alone, and she didn't know who she could trust. As the days turned into nights, Samanta's grip on reality began to slip. She started to question everything she had

ever known, and she began to wonder if she would ever be able to return to her old life.

Fever Dream is a gripping psychological thriller that will keep you on the edge of your seat. This chilling tale explores the dark recesses of the human mind, and it will leave you questioning your own sanity.
