The muscle car era was a golden age for American automotive performance. During the sixties and seventies, Detroit's Big Three automakers produced some of the most powerful and fastest cars ever made. These cars were not only quick in a straight line, but they also handled well and looked great. As a result, they have become some of the most sought-after collector cars today.

In this book, we rank the top 50 quickest muscle cars of the sixties and seventies, based on their 0-60 mph times. We also provide detailed descriptions of each car, along with stunning photography. Whether you're a muscle car enthusiast or just a fan of great cars, this book is sure to please.
