Villains are those who deliberately try to undermine democracy, such as dictators and demagogues. Vandals are those who damage democracy through their actions, such as rioters and looters. And ourselves are the people who unintentionally harm democracy through our own apathy and ignorance.

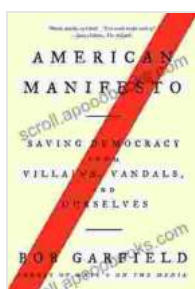

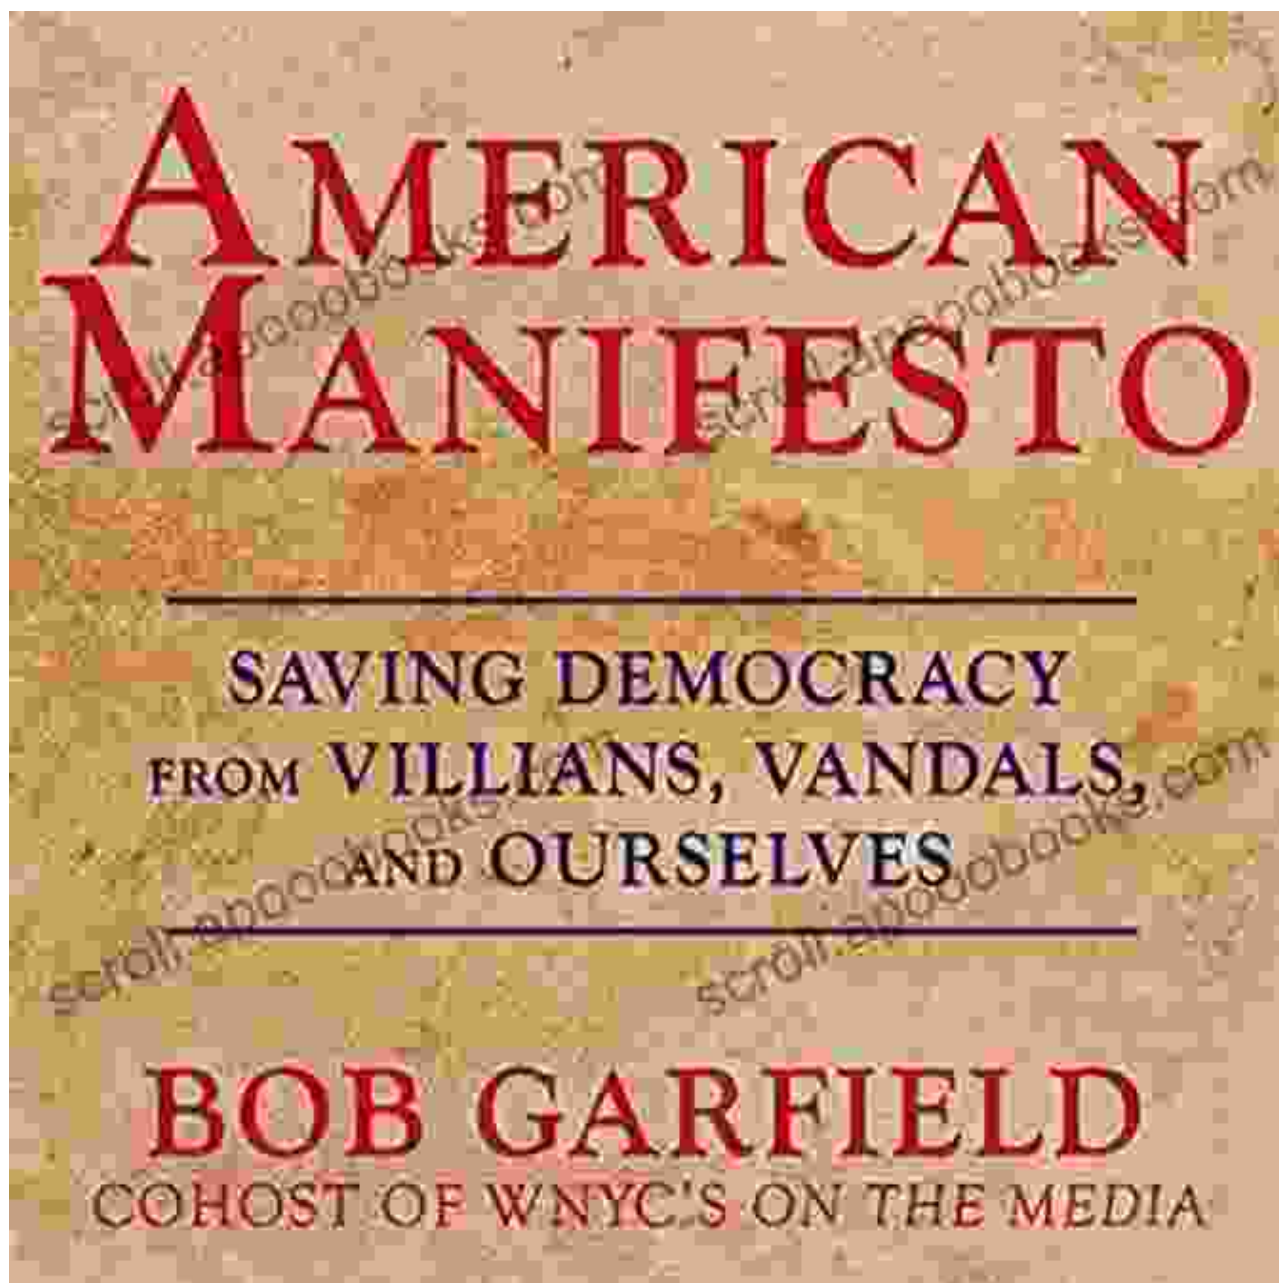

Lessig argues that we must all work together to defend democracy from these threats. He offers a number of concrete proposals for how we can do this, such as promoting civic education, reforming our campaign finance system, and strengthening our institutions.

Saving Democracy From Villains, Vandals, And Ourselves is a must-read for anyone who cares about the future of democracy.
